VISION, MISSION, SOLUTION

Ladingo's cloud-based ecommerce shipping solution ensures seamless international shipping to international shoppers – including large product. Buy a sofa from overseas just as seamlessly as you would buy an iphone case!

PRODUCT & TECHNOLOGY

Optimizations between forwarders, within containers, container sharing and maximization, automation of customs and other regulations. a practice that connects the ocean freight forwarding to e-commerce.

ROAD MAP

Main focus today

1. Retailers integration in the US/ UK/ China- to allow them to sell large items to their intl customers in an attractive price.
2. What's Next
Add retailers from Europe, China, South America and more

TEAM

Hagar Valiano, Co-Founder & CEO Hagar has a decade of experience in technology and sold her first company at the age of 25.
